

White Board

Regular White board

The white boards are convenient for seminars and presentations as they are write and wipe off boards. These can be written on with white board markers for dry wiping or water based markers for damp wiping.

Resin Steel Magnetic White board

Resin coated steel boards are made from coated metal sheets and have a glossy surface. The surface is pore free and provides reasonable resistance to staining. Cleaning is needed once in a week with damp cloth. Suitable for Moderate writing use

P3 - Vitreous - Enamel Steel White board.

An exclusive material with unique properties: clean and easy to maintain, surface is non porous, impermeable, stainless, solvent and acid resistant as well as scratch and impact resistant. In short, it is virtually everlasting.

Effective uses:

- In presentation of project reports
- Display of Brochures
- Information material etc., with the help of heavy-duty magnetic holders.

Ceramic steel White Boards are available in * Matt * finishes. - Matt surface allows projection.

Surface by Alliance represents a revolution in ceramic steel technology and Poly Vision's third generation of ceramic steel writing surfaces.

For more than 50 years, millions of writing boards have been produced around the world for the education and office sectors using Alliance ceramic steel. Poly Vision has introduced virtually every new breakthrough in the ceramic steel market, including the year 2000 introduction of P3 surface, the most significant improvement in writing and erasing in nearly 30 years. This innovative ceramic-on-steel writing surface is rapidly becoming the new industry standard.

CERAMIC STEEL WHITE BOARD Added benefits of the surface		
<ul style="list-style-type: none"> • Scratch resistant • Chemical resistant • Bacteria resistant 	<ul style="list-style-type: none"> • Fire resistant • Graffiti resistant • Stain resistant • Superior Visibility 	<ul style="list-style-type: none"> • Optically flat surface • Optimum eye comfort • Increased color contrast • Reduced surface light distortion
